

This edition was rushed to press earlier than planned for two reasons. First, we were overwhelmed with the response to the last edition; over 50 people have indicated that they would like to attend and we now have a mailing list of over 200 names. The second reason is to clarify some assumptions we made in starting this adventure.

The idea for a reunion began last summer when we sent a letter to 30 people who had been attached to the Western Field Office (WFO) in the late 50's to early 60's, or about 20 years ago. Just like Topsy, our mailing list grew and based on the positive response we started the newsletter. The \$5 donation was to cover our costs for postage and Xerox copies (the second newsletter went to 140 people). It does not cover our time or expenses, that is our contribution to the venture. We write and edit the newsletter and keep the mailing list updated on a computer (Mikes). Some of the copying costs are being subsidized by Mike's company as good will. We opened a checking account in the name "WFO Reunion" to handle the cash and have a balance of nearly \$200.

Even though we have not put any constraints on who was eligible to attend, a prerogative that we still have not taken, the list seems to consist of mostly ex-WFO people whose paths first crossed about 20 years ago. The original mailing went to both former Officers and enlisted, about equally divided. We want a reunion of the fine people we worked with and respected in all ranks and grades, civilians too. After all some of us have been civilians over 20 years! So, if you were assigned to the WFO, Team 101, 202, 407, or know the people on this list, you are invited. If you were misled about the intentions of the reunion and regret having sent us your \$5, please ask for a refund; this is all strictly voluntary and is not sponsored or sanctioned by the present 1155th in any way. Not that we don't need nor solicit their endorsement, we just have not reached that stage yet.

Based on preliminary response to our vote on a location, the overwhelming majority voted for Sacramento on the weekend of June 17-19, and we are tentatively planning to hold the reunion banquet at the Holiday Inn in Sacramento near Madison and Auburn. It is a new hotel and was recommended to us by Arne Celick. (Room rates are \$40 to \$45 per night).

We are enclosing a pre-addressed post card so that you can tell us whether or not you plan to attend.

Since the reunion will be held in Sacramento, we have a slight dilemma; it will be difficult for us to make all the arrangements without some help from that area. We asked for volunteers in the last edition but got no response. We need a local arrangements committee and a program committee, preferably headed up by people in the Sacramento area who can spare the time. We will be more than happy to come up to Sacramento and discuss the reunion if we get some response.

Here again are our phone numbers:

Mike Long work (415) 638-4075
 home (415) 233-5871

Bart Bias work (415) 953-1378
 home (415) 391-9027

PERSONNEL NOTES

Some of this material is being repeated for the benefit of those who did not receive previous editions.

Marion Chambers Jordan writes that she is retired and is doing nothing but fishing, skiing, camping, and enjoying her new home and husband. She recently caught a 19" 3 1/2 lb. Rainbow Trout and says "eat your heart out Bruce Wheeler". Marion informs us that "WFO" went out of use in 1960!. That helps date the organizing committee but we are an obstinate bunch and besides we already paid for the checking account and rubber stamp!!!!

John Altenberg is an Ophthalmologist (MD, PA) in Tampa Florida. John would like to know the whereabouts of "Momma Kay".

Herb Dettmer writes that he retired in 1976, bought a motorhome, and travelled for a year before settling down in the Northwest. Herb and Jane are enjoying the retired life but are very active in community affairs. Herb is President of the local Lions Club and extends a cordial invitation to all WFO'ers to visit if they are in the vicinity of Everett, Washington.

Reid Samuelson, "Sam", is retired but his wife is still an active Lt. Col. teaching ROTC at the Univ. of Conn. They live in the backwoods of Connecticut where he spends his time "in such intellectual pursuits as cutting firewood, raising a couple of pigs, and restoring antiques".

Herbert "Dick" Dickinson retired in February 1981 after 30 years and a few days. He is enjoying "a little travelling, a little fishing, ... gardening, etc., etc. and the time flies by".

Col. Ciambrone is now the Vice Commander of AFTAC. He said that this looks like a great project and sent us 63 names and addresses, a new record.

Jerry Williams (Col. Ret.) enjoyed the photo of Team 407 in the last newsletter. He writes "Enjoyed the photo of Team 407 in 59. Had the honor of commanding that fine group of men at that time. Have a copy of the original photo". Hope he brings it to the reunion.

If anyone has any other memorabilia that can be reproduced, please let us know. Don't send irreplaceable photos, we are responsible but the U.S. Mail isn't. Write first so we don't get inundated with mail like we did as the result of our last edition.

Fred Gagnon is now the Chairman and Chief Executive Officer for Ambank in Atlanta. Fred is enthusiastic about the reunion and says he will come no matter where or when.

Frank Liberatori sends us the following notes about the "old MCL days":

Fewest bowl games ever watched
Fewest Christmas days off
Most "chewing outs" by a boss - Arne Celick
Best Go-go shows in the country.. Mc Clellan O-club Friday nites at MCL
"Happy Hour" hosted by Dewey Weiford and Mike Lubin as MC par excellence.
Best people I ever worked with-- chem section 65-71

George Antonio retired in 1967 with the Navy doing the honors. He now works in the electronics field at Robins AFB in Georgia. Tony is looking forward to seeing everyone in Sacramento.

Randy Beaty is an active duty LC and expects to retire this year. He works for the Defense Nuclear Agency and his Autovon number is 225-8311. Randy sent us a lot of leads on the old gang from MCL.

James Hall was in AFTAC 58-68, D.C. office 58-62, Wiesbaden 62-65, Sacramento 65-68. He is looking forward to a June reunion in Sacramento.

C. J. Havlik retired from the A.F. in 68 and now works for Norland Corp out of Ft. Atkinson, WI as the Nuclear Export Manager. His name showed up on quite a few lists and gets the popularity prize this month.

Harry Hodges retired from the AF and is now working for TRW in Albuquerque. His donation of \$5 was the first received and we expect Harry to be the first to arrive in Sacramento.

Bart Bias is a Major Systems Project Manager working for Bank of America in San Francisco.

Leroy E. Jones is now Editor of the "Oregon Old-Time Fiddlers Association" newsletter. He spends his time fiddling and "ham radioing".

Larry Knecht is Professor of Analytical Chemistry at Marietta College in Ohio and is on sabbatical leave at the University of North Carolina this year.

Frank Liberatori was at MCL 65-71, Alaska Air Command, Kirtland AFB, Wright-Patterson, the Eglin. Frank is still on active duty but his wife Ann is retired.

Lyle "Mike" McMichael lives close (1 1/2 hours) to New Orleans, site of the '84 Worlds Fair, and has lots of room for trailers, RVs, etc. He would like to see some of his old friends stop by. Team 101 and WFO 50-56.

Al Carter owns the Computer Systems Store in Rolla, MO, and his wife Sumie is a real estate broker. Al is also the President of American Calapine, Inc., which exports microcomputers and software to England.

After obtaining advanced degrees in Optics, Howard Morrow now does Optical Engineering and lens design for Lockheed Missiles and Space Co.

Terry and Barbara Murphy have been married for 22 years now and have two sons. Terry graduated from Rutgers in '67 and works for the MPU Division of Motorola in Austin.

Gary Offutt is operations manager for EXXONat a nuclear fuel processing plant in Idaho.

Merrill and Betty Seaman are fully retired and still working on a home started in 1977. Biggest daily decision is whether to play golf, go boating, fishing, camping, or work on the house. Guess which one is not being done?

Paul Singhaus is now Chief, Range Evaluation, Air Force Satellite Control Facility in Sunnyvale AFS.

Jose Alvarez obtained his MBA from U.C. Berkeley and is now a property manager for Bank of America in San Francisco. Jose promised to help us stuff all these envelopes and we will hold him to it.

Jimmie Smith works for INFOMET Associates, Inc. in Aurora, CO.

Tom Todd keeps busy, in addition to working for TVA, coaching soccer and is president of the Swim Team Association.

Ron Williams works for INCO, Inc. out of McLean, VA as a tech consultant. He is the Engineering Chief of Electronics Warfare Project at WPAFB.

Gene Wilkinson describes the acronym "WFO" differently than we did; he will explain his version at the reunion. Gene, please note Reid Samuelson's current address, he is no longer in Ohio, are you Sam?

Mike Long is a Senior Project Manager for EDP Audit Controls, Inc., a company noted for helping the military comply with OMB A-71. That is, computer security and risk analysis. In his spare time he is President of IDK Software, a company that develops and markets microcomputer software in Japan.

That is all the news for now, keep sending those cards and letters.

Even though our mailing list contains over 200 names, there are still many people whom we have known in the past and have lost track of. Please send us any information and we'll publish it.

The list has been reduced since the last issue thanks to a number of respondents but we still don't know

Whatever happened to
