AIRBORNE REUNION – A BIG TURN-OUT

by Butch Kemna & Charlie Penn

Thursday, November 6, 2008; ninety-six Airborne Reunion folks started exchanging war stories in Las Vegas. What was supposed to be an informal "registration" for people to pick up their nametags turned into a great gathering that reunited people who hadn't seen one another for years.

Friday was an NTS (Nevada Test Site) Tour for those who weren't too hung over and then it was back seeing who could outdo everyone with remembrances of past TDYs, aircraft mishaps and close calls, and tomfoolery that seemed to happen on a daily basis. Most of the attendees were part of the AFTAC's "A" system but we also had an Air Weather Service Navigator, who worked directly with our Ops Officers; Lab and ARE maintenance in attendance.

Saturday was the air show, Aviation Nation 2008, at Nellis AFB; which was followed by a reception and banquet that was "first class". **Tom Witherell** and **Rick Larson** were the keynote speakers and they both praised the spouses and significant others who supported our absence during long periods of mission deployments. **Bo Ferris** was recognized as oldest "A" system green bagger; he started flying our sorties back in 1954. **Jeff Anthony** was the new kid on the block; he's an "active duty" SEO.

Sunday morning was hangover cure time and bidding goodbyes to folks that were reunited after many years. For those who could not attend, or didn't get the word, don't fret; this gig will happen again! **Editor's Note: See reunion pictures on the next page.**

"HAILING OUR FUTURE...HONORING OUR PAST"

WORLDWIDE REUNION 1 – 3 MAY 2009

from LRDAAs Post Monitor, Bob Wiley, Reunion Coordinator

The Florida Chapter hosts this edition of the Worldwide Reunion. This year we'll highlight the conjunction of two important events-'New Beginnings' and '50-Years of AFTAC.'

'Radisson Resort at the Port' is 'the place' and May 1-3 is 'the when.'

Due to conflicts which deter active duty participation in the golf tournament, it is being delayed until a later date. However, you have been invited to join them at the AFTAC Spring Picnic on Saturday after the Open House at the Headquarters building. You have a free afternoon to visit friends or take one of the afternoon gambling ship cruises. Two cruise lines are available (www.suncruzas.com/portcanaveral.asp or www.lasvegascruiselines.com).

When arriving at the Radisson Resort at the Port, there's a registration desk to pick up your material and a hospitality room for socializing. Organized activities start with an Ice Breaker at 6 pm. The Saturday Open House starts at AFTAC at 9 am and should be over by 11 am. Our Chief Scientist, **Dr. Dave O'Brien**, will give an orientation briefing after which we'll split into groups for short tours. The AFTAC Picnic begins at 11 am at Wickham Park. We're invited to have lunch with them & stay for the afternoon activities. We are getting the active duty to put together some horseshoe teams to give the alumni some competition.

Our banquet is Saturday, 6 pm, at the Radisson. The guest speaker is Maj Gen (Ret) **Jack Leide** (former J2; Director of Intelligence under Gen Norman Swartzcoff in Desert Storm I). Dinner will feature a combination plate of chicken breast stuffed with mushrooms and cheese and grilled filet mignon. Make room reservations directly with the Radisson at 888-201-1718 (www.radisson.com/hotels/flcocoa) no later than 1 April 09. Rates are \$109 double or \$149 king suite (plus 11% tax) and are good for three days before & after our reunion. All rooms were remodeled this year & in outstanding condition. Registration forms with all information and a check should be sent to arrive at the PO Box NLT than 17 April 2009. Any additions, or changes, will be passed on via emails (eALLerts) and posted on the alumni assn website (www.aftacalumni.org). Please have your information at the LRDAAs website up-to-date as that will be used to contact you. We also intend to provide information, and the registration form, at the website. Internet posted items will either be available at the 'Home Page' or at the 'Need To Know Now' link. **Editor's Note: Florida is terrific in May. So let's see how many of us can join them & give them some horseshoe throwing lessons.**

"Earlier generation" attendees at the Airborne reunion.

"Latter generation" attendees at the Airborne reunion.

UPCOMING 2011 AFTAC WORLDWIDE REUNION TO BE HOSTED BY WEST COAST CHAPTER

by Dennis Nolan, WCC Vice President

TOPIC OF DISCUSSION AT WCC ALUMNI MEETING - 12/2/08: Concerns were raised about having the manpower and commitment from individuals to be able to conduct this upcoming 2011 reunion. If one is to take place on the scale as in the past, it requires a quite a bit of work, time and energy. The association officers are looking for commitment from members who are willing and able to help by chairing and filling the reunion committee positions. In addition, we're looking for some feedback and suggestions on the subject of what scale event we will be capable of hosting.

The West Coast Chapter is planning to have some representatives at the upcoming 2009 Reunion in Florida. They will be soliciting feedback, suggestions and ideas at that time from those folks, plus any members from the Denver Chapter than may be at that reunion.

This subject will be a major topic of discussion during the next several meetings of our alumni association. Request anyone interested in getting involved in this process, please attend these upcoming meetings. We would like to get the reunion processes started before the next elected association officers take the helm in December 2009.

Please step forward if you can help!

WEST COAST CHAPTER WEB SITE

by Bob Fitzgerald, WCC Webmaster

As noted in the Oct '08 issue of our Depot Fallout Newsletter, our web site was moved successfully on 12 Sep '08 and given the new domain name "www.AFTACWCC.org". Since then we have had excellent access response times and have taken advantage of some enhanced features provided by our new web site hosting service - including the assignment of critical Email addresses that relate to our web site, such as those for our elected officers and our general Email address: "TOD.Alumni@AFTACWCC.org".

Since our web site was first established 15 Sep '03, the average number of monthly visits to our site increased the first 4+ years but declined somewhat this past year: 2003 (Oct-Dec) = 407/mo; 2004 = 485/mo; 2005 = 1,001/mo; 2006 = 1,427/mo; 2007 = 1,891/mo; 2008* (Jan-Jul+Oct-Dec) = 1,106/mo. (* Note: Aug & Sep '08 were not counted because of lack of access to our site due to problems with the hosting service used at that time.)

Please contact me if you have any suggestions for **your** web site, such as the way it looks, additional content (pages), changes in current content/functionality. Spread the word! Thank you, **HAPPY NEW YEAR!**

E-MAIL ADDRESS UPDATES NEEDED

by Joe Johnson

Sometimes we need to send information to as many alumni as possible in the shortest time possible. So we would like you to keep us updated on your e-mail addresses. **If yours should change, please send your current e-mail address to: d1price@pacbell.net and ga9jo8ro7ca@hotmail.com.** We will acknowledge your message and ensure our roster is corrected. **Thank You Very Much!**

DEPOT eFALLOUT NEWSLETTER

by Joe Johnson

We need your help! Please consider receiving your Depot Fallout newsletter via email. It now costs the association over \$1.00 per copy to furnish you the newsletter via regular USPS snail-mail. We now have 76 members on the email distribution list and these people are saving your association about \$300.00 yearly. How about increasing that savings to \$600.00? Those selecting the email option enjoy several advantages. They receive the newsletter days, if not a week, before mailed copies get delivered. They get copies in full color; great for viewing the many photographs in the newsletter. You can read your email copy online anywhere in the world when you are not at home. You can choose to print or not print your copy. **To subscribe to the "Depot eFallout" contact us at ga9jo8ro7ca@hotmail.com.**

This may not be advantageous for you, but it frees up a fellow member from printing, folding, stapling, stamping and posting over 100 newsletters. I wish all of you a Healthy and Happy New Year! *Joe Johnson*

WAY BACK WHEN

by Dale Klug, Editor

We're running a series of articles called "WAY BACK WHEN". They are patterned after the Florida Chapter's series in the Post Monitor called "B.S. (Barely Substantiated) TALES". We're inviting everyone to submit articles or pictures with stories from days-gone-by at Detachments, OLS, Depot, Squadrons, Headquarters or TDYs. **Crank up your "WAYBACK machines" and send us an article.** Remember to keep all the inputs unclassified. E-mail all proposed articles to me at: **FalloutEditor@AFTACWCC.org** or snail-mail to: AFTAC Alumni Newsletter Editor, P.O. Box 3974, Citrus Heights, CA 95611-3974. Please note on envelope it's for **Newsletter Editor**.

Editor's Note: The following letter was received from Richard Burry in response to the August newsletter picture of Building T-740 on Camp Kohler.

I hope you will continue to mail the newsletter as we have no E-mail. In June '06 one of my chemo drugs for cancer treatment took my eyesight. My wife reads the newsletter to me, where I hope to hear a name I remember. The latest newsletters from West coast and Patrick were a slam-dunk. Building T-740 is where I worked from May '52 to Jan '55, when I ended my enlistment. Building T-740 was one of the remaining buildings of what had been Camp Kohler, a German POW Camp in WWII. T-740 was a gym, where the basketball court and open area were turned into a warehouse where rows of bins were kept with supplies to send out to teams as needed. Working in the warehouse were **Clipinger, Gilmet, Ardell, Shaffer** and later **Bell, Refermat, Grosklags, and Middleton**. During this time probably 15 or more airmen spent 60 to 90 days training to go out to handle the supply work. The picture was taken at what we called the back of the warehouse. On the opposite end of that building were the stock records unit and 2 officer's offices. When I arrived, **Lt Col Little** and **Capt Ireland** were supply officers. Besides myself, **Smallwood, Sweeney, Yantz & Jim Smith** worked the records. **Georgia Wiggins** was the secretary of the supply office, who later married **John Magness**. Later, **Maj Stotz** and **Capt Godwin** would be at the office. Down the hill from T-740 were some buildings, one of which was used as a barrack for all of us. We had 2 Jeep trucks, which we loaded into 3 times a day to go to the base for meals. At the '94 reunion we drove out to where T-740 had been and there were 200 or more houses. We toured the lab and it was hard to compare it to T-740 and S-34. At the '99 reunion everything was being closed down. Maybe at Omaha the new guys will be the start of the new 1009th. I'm going to send the newsletter to Bell to see if he knows who is in the picture of Building 628. Keep sending the newsletter and maybe I will hear a name I remember. **Richard Burry, 201 S.E. Ridgeview Dr, Lee's Summit, MO 64063**

Picture from Irene Goodreau's Wayback Machine

by Dale Klug, Editor

In the October issue I asked anyone to identify the bowling team members in the picture. Irene had already identified **Richard Ardell** in the lower right. I contacted Dick's widow, **Toni**, who confirmed it. She & **Orv Pritchard** say the top right bowler is **Jim Smith**. So, with **Richard & Hilda Burry's** help, I got in touch with **Jim Smith**. Here's what Jim had to say.

Jim Smith Email: 13 Jan 2009. I just got my scrapbook out and the picture you have was in the base newspaper when we won the base Intramural championship against the 55th WRS. In the back row is **Ed Weise** myself and, bottom row **Don G Cleason** and **Richard Ardell** not pictured was **George Palmer**. We were able to roll a three-game total of a 2983 with a high game of 1020 with Cleason and Weise having individual scores of 258 and 257. **SSgt James Smith**, jameslee@smith.net.

This picture of the "Q" System at Mather AFB, CA & building that housed it was provided by Charlie Penn.

Editor's Note: The following was received from Dan Fadness, who was stationed at Det 2xx, Adak AK in 1963.

You got me thinking about "Way back then" war stories. As you probably know, once you were assigned on one of these Detachments, there was no way off (leave) except family emergencies, and they checked them. I liked to hunt quite a bit and the CO before Capt Fisher was a 1/LT named Harry N Weedman who asked me if I would like to go caribou hunting on Atka .Well Duh! Of course. There were some Aleut fisherman who had wrecked their fishing boat and the Navy went out and rescued them. The Navy was returning them home and had planned to stay an extra two days so a lucky few could hunt caribou. The government had stocked the caribou as a food source for the Aleuts but they would rather fish so there ended up a whole bunch of caribou on the island.

Now how did a first enlistment "good ol' Boy" like me get invited on a trip like that? It seems like Lt Weedman was doing some sight seeing and had gotten down on one of the beaches and got stuck. Not stuck in sand but, if you remember, most of Adak's beaches were rocks. Anyhow, in getting out, he had dented a lower fender and under door rocker panel on a new Govt pickup. He was trying to think of somehow to fix it without any higher ups hearing about it. I mentioned that I was a graduate of the General Motors sheet metal repair course in Omaha and if he could find a place to work, I could fix it for him. Who would have guessed??? He found a place in the navy motor pool and I went to work. He sent off to Anchorage and had the paint sent out and by the time it got there I was ready to paint. I just couldn't make Navy gray blend into Air Force blue. Anyhow, he was genuinely grateful, and when this trip came up I got to go. We went over to Atka in a Navy fleet tug and after delivering the Aleuts home we went to the other side of the island and into a sheltered bay, and went ashore in large rubber rafts and set up camp .As I recall, there were 27 caribou killed altogether and I got one of them. We dressed them out and the next morning took them out to the ship and loaded three at a time via blocks and tackle out of the rubber boats. Some of them went to officer's families or NCOs who had hunted and had dependents and the rest went into government freezers. Nothing was wasted. The night before we broke camp, the little foxes did their best to get their share but we brought most of it home to Adak.

There were many good memories of Adak. Some of the guys were down in the dumps for being there and spent a lot of time and money in the bar. I usually took off for the hills and remember seeing the WW2 trenches cut into the hillsides along with gun emplacements ever so often. The guns were gone but the pits they went in were there and ready. The Japanese has already landed on some Aleutian islands but Adak was ready for them. The weather was less than ideal but I was pretty sure I was bullet proof or at least bullet resistant and I loved it.

Dale, I have done it again...wrote a book. Maybe only a chapter, but plenty. I filled out the membership application and it will go in tomorrow. Thanks again for your help. I told my wife about some of the events you had advertised in the newsletter and she said, "Sacramento isn't that far away". Maybe I'll get to meet you one day. It would be a good thing. Take care, **Dan Fadness**, fadnessrd@centurytel.net **Editor's Note: Look for another "Wayback" story from Dan, about "Kiska" the Det mascot, in our next edition.**

IN MEMORY OF

EFURD, Wes, Wes Efurd died suddenly Sunday, November 9th. Wes worked at the McClellan Lab in the 70s, then Los Alamos National Laboratory. Funeral services will be Saturday at 11:00 a.m., November 15th, at the First Baptist Church, Los Alamos, 2200 Diamond Drive. If desired, in lieu of flowers, contributions can be given to one's favorite charity or First Baptist Church in memory of Wes Efurd. **Editor's Note: If you look up Wes's name on GOOGLE, you'll see he was involved in some very interesting projects.**

AMON, Richard William, MSgt, USAF, Retired, Richard Amon, of Antelope, CA died on October 18, 2008, at age 67. Born in San Bernardino, CA, on July 2, 1941. Survived by his wife JoAnne and by children Stephanie Pettitt and Christopher Amon; grandchildren, Shane Rodrickc, Mason Rodrickc, and Jordyn Pettitt; also survived by special friend Connie Teller. Retiring from the U.S. Air Force after 20 years as a Master Sergeant, he then worked in Civil Service at McClellan AFB for another 17 years. The funeral will be held at Sacramento Valley National cemetery, 5810 Midway Rd., Dixon, Calif., on Thursday, Oct. 30, at 2:00 p.m. All friends and family are welcome to attend. **Editor's Note: Richard was a member of 1155 Tech Ops Squadron for many years and a former member of AFTAC West Coast Alumni Association.**

TUCKER, William, LtCol, USAF, Retired, William Lee Tucker, 67, died suddenly on Sept. 24 in Melbourne, FL, of complications associated with undiagnosed cancer. He was born Jan. 4, 1941, in Langdale, AL, to the late Rev. William R. and Bama Tucker. He graduated from Valley High School in 1959. He entered the University of Alabama, Tuscaloosa, in 1959 and married Rebecca Sue Butler of Shawmut, AL, that same year. "W.L." or simply "W" graduated from the University of Alabama in June 1963, then entered medical school in Birmingham, where he worked in the Biomedical Department at Southern Research Institute doing cancer-virus research. He joined the U.S. Air Force in September, 1966 and was commissioned a 2nd Lieutenant that November. He served for five years in Tucson, AZ, at Davis-Monthan Air Force Base, before entering Auburn University, where he earned a degree in Electrical Engineering in 1973. He served at Vandenberg (CA) AFB three years, and then earned a Masters degree in Electrical Engineering at the Air Force Institute of Technology, Wright-Patterson AFB, Dayton, OH, in 1978. After graduation, he served as a Systems Manager with the Air Force Technical Applications Center, McClellan AFB, CA. In 1981, he was reassigned to AFTAC headquarters at Patrick AFB, FL, as Program Manager, where he retired in 1986. He became a Systems Engineer for Grumman Aerospace, Melbourne, FL, and retired 20 years later as Operations Manager in Avionics Engineering for the Joint Surveillance and Target Attack Radar System (JSTARS) program. He is survived by Sue, his wife of 48 years; his daughter, Linda; his sons, David and Michael; 10 grandchildren; and his brother, Ray Tucker of Lanett, AL. Funeral services were held in his beloved home state of Alabama, 01 October, 2008. **Editor's Note: LtCol Tucker worked in the 1155 Tech Ops Squadron 1155th Seismic Engineering section.**

LEIES, Gerard, Dr, Gerard M. Leies, 90, passed away peacefully at his home in Cocoa Beach, Florida on Tuesday, December 2, 2008. He is survived by his loving wife of 44 years, Bonnie; their children, David and Caroline; his step children, Danny and Cindy; and his granddaughter, Olivia. Gerry was a World War II veteran, spending almost three years in the South Pacific supporting the Guadalcanal and Philippines Liberation campaigns. He retired after 20 years of service in the Air Force as a Colonel. Gerry was one of our nation's first nuclear physicists and served as a long-time Technical Director of the Air Force Technical Applications Center at Patrick Air Force Base. He received numerous commendation and service awards as part of his military and senior executive service careers. Gerry was an inspiration to all who knew him; not only as a physicist, great father and husband but also as a devoted Catholic and someone who truly had a Christian heart. During his lifetime, he accomplished so much for his country but also was a man that meant so much to his family and friends. He will certainly be missed by all. Friends are invited to the visitation that will be held on Sunday December 7th, from 3 to 5 p.m., at Beckman-Williamson Funeral Home in Cocoa Beach. The memorial service will be held at 12 p.m., Monday December 8th, at Our Saviors Catholic Church in Cocoa Beach. Interment with military honors will take place at Arlington National Cemetery at a later date. In lieu of flowers, donations may be made to the Marianists the Society of Mary (Marianists) is a Catholic Religious Order of Brothers and Priests; www.marianist.com.

Who Said That??

by Dale Klug, Editor

- >> I like long walks, especially when they are taken by people who annoy me.
- >> One reason I took up walking is so I could hear heavy breathing again.
- >> I have to walk early in the morning before my brain figures out what I am doing.
- >> Beauty is in the eye of the beer holder.

**Do you think you know who the above quotes came from? Send your best guess to: FalloutEditor@AFTACWCC.org
First WCC member to send in all four correct answers gets a free adult beverage at our next function.**

August's quotes were from Author Unknown, Dilbert (comic strip by Scott Adams) & Author Unknown. Bob Baker was only one to send in his best guesses which were correct for all three quotes.

MEMBERSHIP NEWS

by Dave Price, Membership Chairman

As of 4 December 2008: Active Members = 158 Life Members = 132

Annual membership fee of \$10.⁰⁰ is due by 01 Jan each year. **Check your mailing label for an expiration date.** *Your last newsletter will be the one following your expiration date.* Life memberships are available for \$75.⁰⁰ and include a laminated membership card. You can use the Membership application/roster update on the last page of this newsletter or the one on our web site to send with your dues. Don't let your membership lapse. **Those alumni who have not paid their 2009 membership dues will soon be dropped from the "active" roster and newsletter distribution list.**

EVENTS CALENDAR

- Business/Member meetings are 1st Tuesdays quarterly at the LionsGate Restaurant at McClellan Park:
3 March, 2 June, 1 September & 1 December 2009
(Call ahead to our President, to confirm time & place. Or check our 'Events' page at <www.AFTACWWC.org>.)
- 1 - 3 May 2009 AFTAC Worldwide Reunion in Florida
- 16 May 2009 5th Annual Spring Picnic Potluck in Sacramento
- TBA Nov 2009 6th Annual Fall Social in Sacramento

MAIL CALL

Don't forget our E-mail address: TOD.Alumni@bigfoot.com

Jane White, Chechon Children's Home, Chechon, Korea Email: 26 Dec 2008. Sorry this is late; we had a Happy Christmas especially with the Det. They are only eight now and it's really different to see our kids mixed in with the Det guys. Some of the older teenagers are taller than the Det guys. Attached is our Christmas letter and picture. Have a Blessed Happy and Healthy 2009. Love and Prayers – Jane, cjhjane@yahoo.com. **Editor's Note: Jane's Christmas letter is quite long. Anyone wanting a copy, with the picture, please email me at FalloutEditor@AFTACWCC.org and I'll send you both.**

Dan Fadness Email: 2 Jan 2009. I stumbled on your site, quite by accident, while looking for some military history. It appears that you may be what I was looking for. I enlisted in the Air Force in 1960 and was assigned to SAC after initial training. A call came down for personnel with certain qualifications and I was the only one in my outfit who qualified.

After retraining on (then) new ionospheric research technology at the U of Maryland and equipment training at SRI at Palo Alto, I was assigned to a site outside of Roswell, NM and shortly thereafter, transferred to Det 2xx Adak, Alaska, attached to the 1155th Tech Ops squadron at McClellan. I completed my tour of duty there and since my fiancé had a better offer than the reenlistment sergeant, I went civilian as of April 1964. 1963 was spent on Adak. This is all documented on paper and is Air Force history.

Does this sound like qualifications for membership? If so, please advise. We were sworn to silence in 1963. It would be good to talk with those who had "been there and done that". Dan Fadness, POB 286, Carmen, Idaho, 83462 fadnessrd@centurytel.net **Editor's Note: Dan found somebody who has "been there & done that" all right. Both alumni Al Gomes & I were in the "C" system. Al was stationed on Adak in 1964 & I was TDY there three times. I have been corresponding with Dan & have a "Wayback" story from him in this issue. We sent Dan an application. Anybody out there remember Dan?**
