## SPRING PICNIC POTLUCK – 16 MAY 2009

by Charlie Penn

Warm weather is almost here so it is time for the 5th Annual AFTAC Spring Picnic, where burgers & dogs are grilled to perfection. The past picnics have been a huge success with the delicious side dishes and the camaraderie second to none. The Association will provide the burgers, dogs, condiments, paper plates, soft drinks and water. (Adult beverages will not be provided, but you may certainly bring your own; we will have ice chests for your beverages). You're asked to provide the desserts, side dishes and chips & dips and to sign up for this festive event so we know how much Alka Seltzer to provide. The venue is covered and will accommodate over 100 hungry, belligerent folks. Bring your war stories, appetite, pot-luck dish, camera and some sort of decorum for this once-a-year extravaganza. (If you are a no-show you'll be the badmouthed). See you there!!! So what are the vitals on this gala event?

**WHEN: 16 May, 2009**

**WHERE:** Same place as last year, **Foothill Community Park** (Directions are below)

**ADDRESS: 5510 Diablo Way, Sacramento**

**HOURS: 11:00 am – 3:00 pm**

**COST: Nada** (If you'd like to help defray the costs, donations will be gratefully accepted at the site.)

**DIRECTIONS:** From I-80 take exit #98 (Elkhorn Blvd) west. Turn right on Diablo (within one block of I-80). There are 3 park entrances park on the right side of Diablo. Take the second entrance into the big parking lot. We'll be under the big pavilion in back of the parking area.

**\*Important: We need a head count so we know how much to buy. So if you plan to attend please do one of the following:**

1. Fill out the form in this newsletter & mail it by **May 8<sup>th</sup>** to our address above. **or**
2. Fill out the form on the last page or our website and Email it (by **May 10<sup>th</sup>**) to co-chairmen Butch Kemna ([jklk@mindsync.com](mailto:jklk@mindsync.com)) and Charlie Penn ([chaspenn@sbcglobal.net](mailto:chaspenn@sbcglobal.net)). **or**
3. Call Butch (916-722-8509), or Charlie (916-624-1067) by **May 10<sup>th</sup>** with the info.

**Ed. Note: You'll find the Picnic Sign-up Form on last page of this issue.**

## A MESSAGE FROM THE VP -- "ELECTIONS – 2009"

by Dennis Nolan, WCC Vice President

Our current Board of Director's & Officer's term of service is up in December. The association is now accepting nominees for all elected positions to serve the 2010/2011 term. Nominations can be submitted to any of the current elected officials until the mid November social. We will also be soliciting nominees at the Spring Picnic. To increase participation, we will conduct the elections at the mid November social and the new slate of directors/officers will be installed at the 01 December business meeting. Please consider self nomination to keep your Association going strong.

## DEPOT FALLOUT NEWSLETTER DISTRIBUTION

by Bob Fitzgerald, [Webmaster@AFTACWCC.org](mailto:Webmaster@AFTACWCC.org)

Our Depot eFallout newsletters will no longer be sent as E-mail attachments. Instead they will be posted in full on our [www.AFTACWCC.org](http://www.AFTACWCC.org) web site where you will find links to them on our "Fallout" page. There you can read, print or download any of our newsletters in full color. We will send you an E-mail alert each time a new edition is posted. So, **please** notify us at [TOD.Alumni@AFTACWCC.org](mailto:TOD.Alumni@AFTACWCC.org) when your E-mail address changes.

Each complete edition will be available on-line shortly after it is issued. You can get to all our newsletters, anywhere there is Internet access. We know you will appreciate this easy access as well as the time and money we will save distributing the newsletters. We will continue mailing the **Depot Fallout** to those who do not have access to the Internet. Thank you for your support.

## **"HAILING OUR FUTURE....HONORING OUR PAST"**

### **WORLDWIDE REUNION 1 – 3 MAY 2009**

*from Bob Wiley, Reunion Coordinator*

The time is drawing nigh for this \*World Wide Reunion, 2009, the registration deadline is April 17th and the earlier everyone registers the better. Complete details and a registration form are available at the Florida Alumni Assn website, [www.aftacalumni.org](http://www.aftacalumni.org), 'Need To Know Now' link. There, within the first few lines, you will find a link to a 'Sampler' of the Assn's newsletter, 'Post-Monitor;' the registration form is on page 5. **FORM ALSO ON PAGE 6 OF THIS NEWSLETTER**

#### **Importantly, the following clarification/update pertains to the registration form and the reunion:**

**FIRST the clarification:** There have been questions about the registration fee of \$15 per person if only attending the 'Ice Breaker' on Friday, 1 May, and/or the 'Pay There' events (Picnic, 2 May - Breakfast, 3 May) and the 'Open House.'

The board has listened and responded ... if one only wants to attend the 'Ice Breaker,' the reduced registration fee is only \$5.00 per person. This will cover administrative costs associated with attendance at that event (registering, name tags, etc) -- not programs and other material that will be handed out to those paying the \$15 fee.

There was never any intent to charge a registration fee for the 'Pay There' events or the 'Open House' but we do need names and a head count for these events.

**SECONDLY the update:** General (Retired) Clapper has agreed to be our 'Keynote' speaker, and preside over several special activities at the reunion banquet. General Clapper knows the command and the alumni association in a unique way. He was AFTAC Commander from June, 1984 to May 1985. He initiated major changes to the command and it was one of his famous 'handwritten notes' that first proposed the 'Alumni Association' as it is today!

We hope this reduction in price and clarification for several of the events will make the reunion even more attractive and increase attendance.

Thanks for any consideration you can give to this event and we look forward to seeing everyone there.

## **UPCOMING 2011 AFTAC WORLDWIDE REUNION** **TO BE HOSTED BY WEST COAST CHAPTER**

*by Dennis Nolan, WCC Vice President*

TOPIC OF DISCUSSION AT WCC ALUMNI MEETING - 12/2/08: Concerns were raised about having the manpower and commitment from individuals to be able to conduct this upcoming 2011 reunion. If one is to take place on the scale as in the past, it requires a quite a bit of work, time and energy. The association officers are looking for commitment from members who are willing and able to help by chairing and filling the reunion committee positions. In addition, we're looking for some feedback and suggestions on the subject of what scale event we will be capable of hosting.

The West Coast Chapter is planning to have some representatives at the upcoming 2009 Reunion in Florida. They will be soliciting feedback, suggestions and ideas at that time from those folks, plus any members from the Denver Chapter than may be at that reunion.

This subject will be a major topic of discussion during the next several meetings of our alumni association. Request anyone interested in getting involved in this process, please attend these upcoming meetings. We would like to get the reunion processes started before the next elected association officers take the helm in December 2009.

Please step forward if you can help!

### **WEST COAST CHAPTER WEB SITE**

*by Bob Fitzgerald, WCC Webmaster*

**New Content:** I have created a "Remembrances" page where as of 12 March when this was prepared, I currently have death notices for **Jack Allison, Willard Armintrout, Jim Lucas, Bill Mullinax and Vincent Bauman**. This info is currently accessed from a "Click Here" notice in the middle of our 'Home' page, but I hope to eventually create a separate "Memorials" button that will be placed with the other menu buttons, such as "Events", "Fallout", etc. I try to post any notices as soon as I get the word, so please visit our web site and this page often.

**Activity Report:** As I mentioned in our last issue, our average monthly visits increased each year from our start in September 2003 to when they peaked in the calendar year 2007 at 1,891/month then they dropped to an average of 1,106/month in 2008. I'm happy to report that 2009 has started off well with 1,433 visits in January and 1,195 visits in February. Hopefully, with new content available we will see a steady increase in monthly visits or at least a leveling off since our membership is declining somewhat due to the "aging of the force".

Please contact me if you have any suggestions for **your** web site, such as the way it looks, additional content (pages), changes in current content or functionality. **Spread the word!** Thank you & **Happy St. Patty's Day!**

## **E-MAIL ADDRESS UPDATES NEEDED**

*by Joe Johnson*

Sometimes we need to send information to as many alumni as possible in the shortest time possible. So we would like you to keep us updated on your e-mail addresses. **If yours should change, please send your current e-mail address to: [TOD.Alumni@AFTACWCC.org](mailto:TOD.Alumni@AFTACWCC.org)** We will acknowledge your message and ensure our roster is corrected. **Thank You Very Much!**

## **WAY BACK WHEN**

*by Dale Klug, Editor*

We're running a series of articles called "WAY BACK WHEN". They are patterned after the Florida Chapter's series in the Post Monitor called "B.S. (Barely Substantiated) TALES". We're inviting everyone to submit articles or pictures with stories from days-gone-by at Detachments, OLs, Depot, Squadrons, Headquarters or TDYs. **Crank up your "WAYBACK machines" and send us an article.** Remember to keep all the inputs unclassified. E-mail all proposed articles to me at: **FalloutEditor@AFTACWWC.org** or snail-mail to: AFTAC Alumni Newsletter Editor, P.O. Box 3974, Citrus Heights, CA 95611-3974. Please note on envelope it's for **Newsletter Editor**.

## **IN MEMORY OF**

**LUCAS, James "Jim", MSgt, USAF, Retired.** Born 7 Nov 1926, passed away 24 Jan 2009 at age 82 in Minerva, Ohio.

Jim had been having heart problems for some time and in late September 2008 suffered a stroke and fell while walking. His daughter, Sabra Lucas, arrived on 01 Oct 2008 and Jim decided to sell his home in North Highlands and move to Ohio to be with her. The home sold very quickly and on 09 Nov 2008 they drove back to Ohio. On 24 Jan 2009, Jim had a massive coronary and passed away.

Jim worked for many years at the 1155th Tech Ops Squadron, McClellan Central Laboratory (MCL) before his retirement in August 1978. He was preceded in death by his wife, Annie. He was interred 02 Feb 2009 at Mt. Vernon Memorial Park, Fair Oaks, CA. Expressions of sympathy may be sent to Sabra Lucas, 501 N. Market St., Minerva, OH 44657. Jim was our reunion Treasurer and a vital part of most of our reunion planning committees for past AFTAC Reunions in Sacramento. Jim was also a member of the California State Old Time Fiddlers Association and enjoyed the monthly jam sessions at the Orangevale Grange Hall.

**ARMINTROUT, Willard C. LtCol, USAF, Retired.** Born in Piketon, Ohio on June 12, 1931 and passed away peacefully at home October 1, 2008. He will be greatly missed by his family & friends. He is survived by his wife, of 55 years, Peggy; 2 sons, Will Jr. (Betty) of Folsom, CA, Jeff of Florida & daughter Kristi (Steve) of Valley Springs, CA; 6 grand children & 5 great grand children; sister, Janie & 3 nieces of Ohio. Friends are welcome for visitation on Mon., October 6th from 4-7pm, and funeral services on Tues, October 7th at 11am at LIND BROTHERS MORTUARY, and burial will be at the National Cemetery in Dixon, CA. In lieu of flowers, donations can be made to First Call Home Care & Hospice 6929 Sunrise Blvd., Suite 180, Citrus Heights, CA 95610, or a charity of your choice. **Editor's Note: LtCol Armintrout was 1155 Tech Ops Squadron Logistics Chief of Maintenance for several years and an AFTAC West Coast Alumni Association member.**

**ALLISON, Jack G, LtCol, USAF, Retired, AFTAC Alumni West Coast Chapter President.** Born in Coburg, Oregon, on November 21, 1924 and passed away on 24 Jan 2009, at age 84. Jack was one of five boys born to Raymond & Ruth Allison. Their family eventually moved to McMinnville, Oregon where with his father and older brother did the surveying to lay out an airfield which remains today and is used as an Air Museum with the Spruce Goose and other significant aircraft on display. At the start of WWII, after just one semester at Oregon State, Corvallis, Jack was drafted into the infantry. He completed his basic training and then decided to change course and go into aviation. His vision precluded him from becoming a pilot, so he trained as a B-29 bombardier, sitting in a glass bubble in the nose of the plane. His first tour of duty was on Tinian Island in the Pacific flying missions over Japan. While there he became aware of a special top secret project on the opposite side of the island which turned out to be the airfield from which the Enola Gay launched to drop the atomic bomb on Japan. As the war wound down, Jack's group dropped food supplies to US prisoners of war held in Japan which helped extend the lives of many of our soldiers.

After the war Jack returned to college where he met Rosalie and they were married just four days after graduating from Oregon State. Jack was called back into the Air Force and assigned to the ROTC program at Oregon State, his alma mater. After Squadron Officers School, he was immediately reassigned to Japan. Rosalie & daughters Kim and Kendree followed him to Japan a couple months later. They were next assigned to Hawaii where son, Brian was born.

Jack's next assignment was to 1035th Field Activities Group Headquarters in Washington DC in the early 60s; then on to Detachment 057, Lowry AFB Colorado. While there, Major Allison made frequent trips to Lackland AFB TX to interview and select basic trainees for Lowry's Special Electronic Equipment Technician School. Jack's next assignment was to Vietnam for a year. There he was exposed to Agent Orange, an exposure that would be ultimately fatal. After Vietnam,

Jack was assigned to the 1155th Technical Operations Squadron, McClellan AFB California, where he served as Personnel Officer until he retired on 1 Jun 1974.

Retirement and just sitting around was not appealing to Jack. While working for the United Farm Agency and the Nolan Real Estate Agency, he read an article about a new technology being developed in Davis CA. The article sparked his interest and lead him to Moller International to help work on a personal size "flying car". The **Moller Skycar** is a prototype personal VTOL (vertical take-off and landing) aircraft, called a "volantor" by its inventor Dr Paul Moller who has been developing such vehicles for many years. The design incorporates four ducted fans - the propellers being covered, which is safer and more efficient at low speeds. The sky uses eight inexpensive Wankel rotary engines instead of jet engines, which should eventually bring the vehicle's price close to that of a luxury car. The Skycar demonstrated limited tethered flight capability in 2003. More information and pictures of this remarkable vehicle can be found on the internet.

In addition to being the current WCC President, Jack was chairman of our Board of Directors, 1999-2001, and a vital part of our past AFTAC worldwide reunions. He was a co-chairman for the very first AFTAC reunion held in Sacramento in Jun 1983 as well as the last one held here in May 2005.

Jack was interred in the Sacramento Valley National Cemetery in Dixon, CA on March 20. Along with many family members, friends and co-workers, about 20 AFTAC alumni attended the memorial service with an Air Force color guard providing full military honors. A reception and tour of Moller International in Davis CA followed the memorial service.

**Editor's Note: Clark Wilberg, Dennis Ramey, Ralph Simonton & Dale Klug were among those interviewed by Jack in the 60s.**

**MULLINAX, Billy R. SMSgt, USAF Retired.** Born on June 27, 1931 in Gadsden, AL and left us on January 27, 2009 in Sacramento, CA at age 77. A US Air Force veteran who proudly served his country for 29 years' Bill loved football and coached at many levels, from Pop Warner to semi-professional. Bill was also an avid golfer who enjoyed playing a round or two with his friends when his health allowed. He is survived by his loving wife of 54 years, Jane Mullinax, and his three sons, David, Richard, and William. Bill is also survived by his three beautiful grandchildren who always made him smile, Kayla, Alex, and Tracy. The family will be holding a private service. **Editor's Note: Bill was a long time member of the 1155th/Tech Ops Logistics directorate, as a Seismic Maintenance Supervisor and as a charter member of the Quality Assurance "Sweathogs".**

**BAUMAN, Vincent A. LtCol, USAF, Retired.** It is with sad regret that I announce the passing of my father, Lt Col (Ret) Vincent A. Bauman, on 28 December 28, 2008, at the age of 91. Dad was a very proud member of AFTAC and the Alumni Association, and spoke often of his membership and contributions to the mission of AFTAC. Vincent was drafted in early 1941 and served as an infantry officer in the Army, earning two bronze stars and a purple heart for his action in Europe in WWII. After the war, he was discharged, but joined the Air National Guard in St. Louis. His unit was recalled for the Korean conflict, and he decided to stay on active duty for a full career. He proudly wore his Combat Infantry Badge on his Air Force uniform even before it was authorized for wear. If my memory is correct, he served in AFTAC from about 1956 through 1962, and those were some of his proudest moments of service in the Air Force. He took great pride in saying that one of the projects upon which he worked remains classified even today. He retired from the Air Force in 1967 after 22 years of active duty. He was buried in his uniform with full military honors. On behalf of Dad, thanks to everyone who knew him and who contributed to this critical role of AFTAC in the defense of our great Nation. Submitted by his son, John V. Bauman, Colonel USAF (Retired).

January's quotes were from Fred Allen, Author Unknown, Author Unknown and Kinky Freidman. Bob Baker & Clark Creery were the only ones to send in their best guesses. Bob was correct for all four quotes. Clark attributes the 2nd & 3rd quotes to Erma Bombeck. I called Erma to confirm, but no one was answering at her mausoleum and her quote was about jogging, not walking. So, I'm giving Clark the second place ribbon.

## **MAIL CALL**

**Don't forget our E-mail address: [TOD.Alumni@bigfoot.com](mailto:TOD.Alumni@bigfoot.com)**

**Dan Fadness** Email: 7 Jan 2009. Was I in Adak at the time of the Good Friday earthquake? No ...but almost! I was on my way towards separation at McChord and spent two days at Elmendorf AFB turning in some equip and processing out. I flew out Thursday afternoon and the earthquake occurred the next afternoon, as I recall...about 1700 .Smaller earthquakes were quite common on Adak but we never had anything like the Good Friday number.

Was Sgt Gomes attached to Det 2xx or assigned to another outfit? I don't remember him, but we were just starting to get replacements, as the 15 months assignment were up for some of us. He could have been my replacement or one of two others who left about the same time. Also we worked two man shifts and if he was assigned to someone else there would have been less of a chance of seeing him. If he was assigned to Det 2xx, does he remember the white blue eyed husky named Kiska? I found him as a pup out in never-never land close to Zeto Point. I was out there hunting seals. His parents were wild ones that ran loose and scavenged the beaches for a living. I brought him in, raised him and he became a detachment mascot. He was a pretty dog and everybody's pal. When I transferred out, our supply sergeant took him and said he would care for him.

Det 2xx was out by itself and our antenna systems drove the Navy troops crazy. Several wanted to know what the "H" we were doing, but of course, they never found out .We were instructed to do our jobs, keep our mouths shut....you know the story.

Well, I had better quit before I write a book. I don't suppose Adak will ever replace Honolulu as a vacation place but I enjoyed it while I was there. I remember the day Kennedy got shot and that was kind of a rude awakening. Everything and everybody was on full alert .When it was time to leave my fiancée made a better offer than the reenlistment officer. We got married about 2 weeks after I got home and 44 years later we're still together.

I do remember several things happening on Adak that could probably qualify as "peacetime war stories". One of the navy ensigns bringing in WW2 unexploded ordinance to be defused so he could keep it as a souvenir. It came in a pickup truck and the guys in ordinance almost filled their shorts on that one. Another time there was a dead whale washed up on the beach close enough to the base so that there was quite a smell. The Navy pulled it offshore with a fleet tug and shot the carcass all to pieces with a 3inch 50 thinking it would sink. Well, all the pieces washed back ashore and "it was a bad day at black rock" There's more but I don't want to be accused of being a motor mouth. Thanks again for your email and info. I'll get a check in the mail and see what happens. Dan Fadness

**Editor's Note: Dan sent us his application and e-mailed a picture of himself with the dog Kiska, but the picture was too distorted to use. Maybe he can send the original for me to scan & return.**
